INITIAL ASSESSMENT REPORT ON ICT, ENGLISH, ENTREPRENEURSHIP AND ORGANIC FOOD SKILLS AND COMPETENCES

By Portuguese Teachers

At the final of October students have been administered questionnaires on ICT, English, entrepreneurship and organic food in order to know their initial skills and competences and to check their improvement in the above-mentioned educational fields.

ICT questionnaire consists of 10 questions.

On analyzing students' answers we can say that 17% have weak competences in it, 63% have a medium level and 20% have very good competences.

English questionnaire consists of 10 questions to check reading and writing competences and a short audio for assessing listening and speaking skills.

Results show that 15% of students involved in the project have medium competences in listening and speaking, whereas 85% have very good competences.

As for writing and reading competences 8% reach a medium level, 92 % reach a good level

Entrepreneurship and organic food questionnaire consists of 15 questions.

Results stress that 52% of students have medium knowledge in organic food whereas 48% have good knowledge in it.

As for entrepreneurship competences, results show 32% of students have weak competences, 46% of students have a medium level, while 22 % have good competences.
