INTERMEDIATE ASSESSMENT REPORT ON ICT, ENGLISH, ENTREPRENEURSHIP AND ORGANIC FOOD SKILLS AND COMPETENCES

By Portuguese Teachers

In May students were administered questionnaires on ICT, English, entrepreneurship and organic food in order to know their intermediate skills and competences and to check their improvement in the above-mentioned educational fields.

ICT questionnaire consists of 10 questions.

On analyzing students' answers we can say that 10% have weak competences in it, 65% have a medium level and 25% have good competences.

English questionnaire consists of 10 questions to check reading and writing competences and a short audio for assessing listening and speaking skills.

Results show that 12% of students involved in the project have medium competences in listening and speaking, whereas 88% have very good competences.

As for writing and reading competences 7% reach a medium level, 93 % reach a very good level.

Entrepreneurship and organic food questionnaire consists of 15 questions .

Results stress that 55% of students have medium knowledge in organic food whereas 45% have medium knowledge in it.

As for entrepreneurship competences, results show 30% of students have weak competences, 47% of students have a medium level, while 23 % have good competences.
